

## Microsoft Windows Vista Business SP1 - OEM

Reference: Microsoft Windows Vista Business (32b  
Price: € 149.99

By using genuine Microsoft software, you can be confident that you will have access to the latest features, security, and support, which will help to improve your productivity and expand the capabilities of your PC. You will also have access to new innovations and offerings available only to genuine Microsoft software customers.

### Product Features:

- \* User-friendly software offers powerful new ways to organize, find, and share information
- \* Keeps your network running smoothly and securely without excessive reliance on dedicated IT support; ideal for organizations of all sizes
- \* Sophisticated data protection and auditing capabilities help simplify IT management and can help lower costs for regulatory compliance
- \* Warns you of impending hardware failures early on, so you don't have to worry about the devastating loss of any important business data
- \* Includes Small Business Resources, a built-in how-to guide leads you through everyday tasks and troubleshooting in non-technical language; more securely connects you to your business information whether you're in or out of the office
